SAN NICOLAS COMMUNITY PAPER.

## Red Cross Aruba

On Wednesday, May 22, Red Cross Aruba welcomed a group of 40 elders for another Biba Bida activity. The morning started with a very interesting presentation of Santa Rosa. Randy and Ludwig spoke about local plants but also about raising goats and lambs here in Aruba. The group had so many questions that Santa Rosa committed to a follow-up session. This session was followed by a workshop by Sofie of Centro Quivit. Sofie did a short workshop of Chi Gong with the group to stimulate circulation and energy. To finalize the activity, a Caha di Orgel was brought in and of course, the dancing started. During the morning, special visitors from the Netherlands arrived to participate in the Biba Bida activity. This group consisted of Netherlands Red Cross and Boardmembers of the Nederlandse Ondersteuningsfonds, who dropped by to learn more about Biba Bida, as a financial supporter of the project. Red Cross Aruba wants to thank Flora Market for the beautiful decorations; Sofie of Centro Quivit; Randy and Ludwig of Santa Rosa and all the volunteers who made this morning possible and so wonderful for the elders.

If you have a skill, or have an idea how we can do this together? please call# 568-6415 or 742-3753

## The SAN NICOLAAS BUSINESS ASSOCIATION IS ON THE MOVE....

Last week Thursday May 23rd San Nicolaas Business Association (SNBA) organized their annual general meeting. All members in attendance were thoroughly informed on all events and activities of the past fiscal year in different reports. Also the date for the general elections was decided which will be on August 29th, 2019. The president Mr. Andres Hernandez informed that for the first time ever the government appointed a professional in the person of Mr. Eric Nassy as a liason representing the government for the district of San Nicolaas and surrounding areas.

During the meeting the current Social Economic situation was discussed between the members and the board and the reality that an additional 4 businesses that are facing the challenges could be closing by the end of the year.

The president of the SNBA Mr. Hernandez presented a number of plans and projects that were already ongoing that will impact the much needed change, and the high light of the evening was when the "National Call to Action" event was announced that caught the attention of all the members.
